

Child Wellbeing and Protection in Sport

This course is a prerequisite for BHS Accredited Professional Coaches and is valid for 3 years

Morris Equestrian Centre, Meikle Mosside, Fenwick, Kilmarnock, KA3 6AY

**Wednesday 15 May 2019
6.30pm (prompt) to 9.30pm**

This new training resource is called 'Child Wellbeing and Protection in Sport' and will replace the UK Coaching Safeguarding and Protecting Children workshop (SPC). It is taking a blended learning approach.

The main change is the inclusion of some eLearning (Module 1), which is theory-based followed by a 3 hour face-to-face training course (Module 2). This is suitable for all adults involved in sports organisations that have participants under the age of 18. It is targeted at all practitioners e.g. all coaches and volunteers working and volunteering directly with children and young people. This course is only to be attended by those over 18 years of age that are volunteering, coaching or supporting under 18's in sport.

This CWPS eLearning module 1 **MUST** be completed by learners before attending module 2.

[CWPS eLearning module 1](#)

**Cost: FREE for BHS Accredited Professional Coaches
£20 for all others**

Your certificate of attendance will not be issued until both modules are undertaken.
